KIRK KRISKOVICH

Senior Learning Consultant • Training Professional • Problem Solver

ABOUT

Learning-and-development space professional, consultant, and enthusiast. Possess a keen appreciation for effective, innovative learning and training experiences. My skills and career path have provided perspective and exposure to a variety of roles.

WORK EXPERIENCE

Contract Senior Training Consultant: Medline
December 2022–Present

Responsible for creating, developing, and implementing blended learning solutions to support learning and development initiatives across the entire Medline organization. Work cross-functionally with teams and departments (primarily in HR) to consult, recommend, and create development strategies and initiatives on over 30 projects.

Contract Senior Training Consultant: HDR
March 2022–November 2022

Served in a variety of roles to develop 508-compliant VILT and On-Demand courses for a technical audience (United States Corps of Engineers). Successfully developed and launched three technical engineering training series and contributed to the delivery of 110 learning assets and over 80 hours of on-demand video instruction.

Contract Senior Training Consultant: NRG
November 2021–February 2022

As the Senior Training Consultant on the project, served in a variety of roles (Consultant, Instructional Designer, Graphic Designer, Developer, Quality Assurance) to successfully develop and deliver a 19-course series related to SOX Compliance in a very aggressive (10 week) timeline.

Contract Senior Instructional Designer: Ecolab
April 2021–December 2021

Charged with developing process and tool training materials for Ecolab CAM role personnel. Successfully developed, tested, and delivered over 45 CAM process training videos, 10 field training eBooks, and supporting documents related to Salesforce (ES&S), Power BI, Springboard, Executive Business Review, Rollout Tool, and Lookup Tool.

WORK EXPERIENCE – CON'T

Contract Senior Instructional Designer: Premera
June 2021–September 2021

As a representative of Haystack Creative, engaged by the client as a single resource, serving in multiple roles (Consultant, Instructional Designer, Developer, Quality Assurance, LMS Administrator) to plan, manage, revise, develop, and deploy their annual insurance certification training program.

Contract Senior Instructional Designer: Microsoft
July 2020–April 2021

As a representative of GP Strategies, filled multiple roles in the development of the Winning with Business Value Management program. Collaborated with subject matter experts (SMEs) and program managers to create effective blended trainings for targeted roles.

Contract Learning Operations Specialist: T-Mobile
September 2018–June 2020

As a representative of Kelly Mitchell, collaborated with team managers, project managers, and program managers to create targeted and engaging training assets for curriculum offerings across the T-Mobile US HR portfolio.

Curriculum Manager / Sr. Instructional Designer: Adobe
July 2016–September 2018

Tasked with scoping, planning, development, publication, and maintenance of curriculum supporting specified solutions (Advertising Cloud, Analytics Cloud, Media Optimizer) to the Worldwide Field Enablement (WWFE) organization.

Content Project Manager: Lionbridge Technologies
June 2015–July 2016

Responsible for creating innovative and compelling training solutions in collaboration with our clients and our instructional designers. Manage the end-to-end content development life cycle and deliver products that meet and exceed client expectations.

Director of Development: Sublime Media
July 2006–April 2015

Collaborated with clients and internal project teams to ensure that customer-driven requirements and quality standards were implemented and met with consistency. Worked in concert with Sales and the Executive Leadership team to share customer account management responsibilities.
